

# Union County Public Schools

## Human Resources Division

400 N. Church St., Monroe, NC 28112

### Licensure Section Assignments

**Dr. David Clarke, Deputy Superintendent of Human Resources**

North Carolina General Statutes specify that all professional employees of public schools must hold the appropriate license for the subject/grade level taught and for the professional assignment held. Each employee should take appropriate steps to assure that his or her North Carolina professional license is issued in a timely manner. Failure to submit requested information may result in a salary adjustment to substitute pay or interruption of employment.
