Re: Union County Public Schools' Student Handbook

Please read the policies in the county student handbook thoroughly. These policies are important for the students in elementary school. You will receive one copy of the handbook per child for his/her time in elementary school. Once you have read the handbook, keep it in a safe place for reference in the years to come.

Once you have read the policies, complete the information below and return the information to your child's teacher.

I have read the following policies and discussed them with my child(ren):

_____ Elementary Attendance Policy

_____ Bus Rules

_____ Discipline: Code of Conduct

_____ Internet Use

_____ Medication

Please check off the policies above, sign below, and return this portion to the school.
