

## DRIVER EDUCATION INFORMATION AND REGISTRATION

Union County Public Schools will offer several sessions of Driver Education throughout the school year. The course will consist of two phases. During the school year each class (phase one), will begin at the conclusion of the school day with a total of at least 30 hours upon completion. The behind-the-wheel instruction (phase two) requires 6 hours driving and 6 hours observation--scheduled on an individual basis. Again, the entire Driver Education Program consists of two phases:

1. Classroom - 36 hours
2. Driving - (behind-the-wheel): 6 hours driving, 6 hours observation

All prospective students must register to be considered for the classes. Class enrollment will be limited to the 36 oldest students registered. The class list, based on age, will be posted prior to each class. Students should listen attentively to daily announcements to know when and where the class lists are posted.

There is a charge of \$45.00 (non-refundable) to take the Driver Education Course. This \$45.00 fee must be paid to the school bookkeeper before the first day of classroom instruction.

If a student starts the class and fails to complete it for any reason, he/she will need to make other arrangements to obtain the necessary coursework required for a driver's license/permit. This class will only be offered to each student one time (state law). Students between the ages 14 1/2 and 18 are eligible if they have not been previously enrolled. Before starting the course the following should be considered: after school activities (sports, clubs, etc.), vacation, jobs, etc. Considerations are not limited to these examples. In addition, if a student is removed because of discipline issues, they will not be allowed to retake the class with the Union County Public Schools. Again, the class will be offered once to each student.
