

Porter Ridge Middle Enrollment Cap

Cap is effective November 13, 2013 and will remain in effect indefinitely.

Porter Ridge Middle currently has 1427 students enrolled.

Students new to the Porter Ridge Middle attendance area (enrolled on or after November 13, 2013) will be reassigned to Piedmont Middle.

Elementary students who move after November 13, 2013 into the Stallings, Poplin, Hemby Bridge, Porter Ridge portion of Fairview, Porter Ridge portion of Sardis, and Porter Ridge portion of Porter Ridge Elementary will, upon completion of 5th grade, move to Piedmont Middle as long as the cap is in place.

Students who move domicile from one home in the current Porter Ridge Middle attendance area to another home in the current Porter Ridge Middle attendance area and who are already in attendance at Porter Ridge Middle will remain as they are already occupying a seat there.

Children who are domiciled in the current Porter Ridge Middle attendance area but have not availed themselves of a public education (i.e. are in private, religious, home, or other schools) must enroll at Piedmont Middle after the effective cap date.

Data Managers at all Porter Ridge Middle feeder elementary schools will keep a separate spreadsheet of students in current grades 1-5 as to the enrollment date. They will also keep a list of kindergartners and the date of enrollment as some of these kindergartners would fall under the cap. If the cap is still in effect when said child is ready for middle school, any child who enrolled on or after November 13, 2013 will attend the Piedmont Middle.

Data Managers at Piedmont Middle will keep a separate spreadsheet of students who enroll in their schools by grade and enrollment date. They will have the parent/guardian complete a transportation form. The Data Manager will then fax the transportation form to Mandy Benton at 704-283-9873. The Data Manager should indicate on the form "Porter Ridge Middle Capping." When the cap is lifted, students will return by enrollment date.

Students who are long-term suspended from Porter Ridge Middle may return to the school at the end of the long-term suspension.
